SMA Awarded Three-Year CARF Accreditation

CARF International announced that Stewart-Marchman-Act Behavioral Healthcare has been accredited for a period of three years for the following programs:

- Assertive Community Treatment
- Case Management/Services Coordination
- Crisis and Information Call Centers
- Crisis Intervention
- Crisis Stabilization
- Detoxification

The latest accreditation is the fifth Three-Year Accreditation that the international accrediting body has awarded.

This accreditation decision represents the highest level of accreditation that can be awarded to an organization and shows the organization’s substantial conformance to the CARF standards. An organization receiving a Three-Year Accreditation has put itself through a rigorous peer review process and has demonstrated to a team of surveyors during an on-site visit that its programs and services are of the highest quality, measurable, and accountable.

SMA is a 501c3 tax-exempt charitable organization. CARF International accreditation demonstrates a program’s quality, transparency, and commitment to the satisfaction of the persons served. SMA has been providing services in the area since 1961. To read the CARF award letter, [click here](#).
